PX15 Plier Stapler

2101240

Overview

These plier staplers are particularly comfortable to use thanks to the handle in soft plastic, and the optimised lever action means they need less force to operate. The metal design and solid engineering make Rexel plier staplers particularly hardwearing.

Features

- Slim, ergonomic design with Soft Feel grip
- Spare staples can be stored in the handle
- Stapling type: permanent
- With rear-loading mechanism
- Low staple indicator
- Metal design
